# Metsapärli

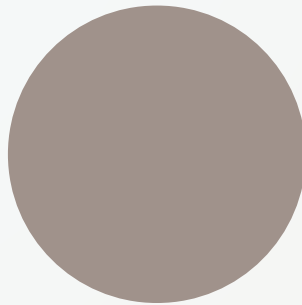

The Metsapärli finishing package is inspired by the depths and silence of the Nordic forest, embodying the strength that comes from nature. It's the perfect choice for you if you're looking for character, durability, and timeless elegance in interior design. In the living spaces, the overall look is created by herringbone wood parquet combined with white panel doors, straight mouldings, and brushed bronze details. In the bathroom, natural stone-patterned finishes and high-quality sanitary fixtures create a cohesive space. The result is a bold yet authentic interior.
