Premium package

Jõe- valgus

In the premium packages, accent walls feature decorative trims in the same tone as the wall, creating a linear rhythm that echoes the architectural light-toned panelling. Softness and a sense of luxury can be added to the master bedroom with wall-to-wall carpeting. Faucets and door handles also add a distinctive finishing touch. The Jõevalgus premium package features light-toned finishes enhanced by textures and bronze-coloured details.

White panelled interior doors and herringbone parquet give this package a more classic feel.
